

ELIAKIM W. HUTCHINGS.

---

MAY 26, 1842.

Laid upon the table.

Mr. AYCRIGG, from the Committee on Invalid Pensions, made the following

REPORT:

*The Committee on Invalid Pensions, to whom was referred the petition of Eliakim W. Hutchings, report :*

That the petition is not sworn to by the petitioner ; that the certificate of the surgeon's mate (the only testimony that accompanies the petition) states that the petitioner "says the injury does materially injure him," but gives no professional opinion. The certificate of the surgeon's mate is not properly certified. The committee report against the prayer of the petitioner.
